TAFT WRITES LETTER TO BUSINESS MEN OF THE UNITED STATES

Executive Discusses Meaning of Democratic Victory in Note to Sound Money League.

PROSPERITY WOULD BE HALTED

Many Changes Threatened in the Economic System.

MANY UNCERTAINTIES IN SIGHT

Business Would Be Impaired and Demand for Labor Decrease.

HE TAKES LOOK BACKWARD

Reference is Made to Effect of Previous Revisions of the Tariff According to Democratic Principles.

BEVERLY. Mass., Sept. 26.-President Taic has sent a telegram to H. W. Dearborn, chairman of the executive committee of the Commercial Travelers' Sound Money league, now in session in New York, expressing the opinion that business unrest will result if the democratic party is victorious in the coming election. The telegram in part is as follows:

"The league has done so much good in the past that it is of the utmost importance that its influence should be exof which largely depends, in my judgment, the continuance of the great era of prosperity, high wages and good profits, which is now just opening to the people of this country. I ask the business men of this country what encouragement they will find and what new investments they feel like making if they arise from their beds on the sixth day of November next and learn that the democratic party will after the fourth of March, 1913, be in absolute control of the executive, the senate and the house of representatives? No one can affirm the extent of the changes which would be effected in our economic system by such a result except from what has happened in the past. The tariff would then be revised on democratic principles, as shown by the democratic bills of the last two sessions of the congress, and our whole economic system changed. Prosperity would be halted, business would be impaired and the demand for labor would show a marked falling off."

Will of Dr. Pearsons

CHICAGO, Sept. 28.—Heirs of the late Dr. D. K. Pearsons, the philanthropist who gave away about \$7,000,000 to educational institutions, are to meet today for a hearing before Judge Clark. At the time of his death it was reported that Dr. Pearsons was almost penniless, but it has developed that he had about \$4,000 in

All of the heirs are nephews and nieces. The entire \$4,000 is claimed by Mrs. Bella P. Mappin of Philadelphia, a niece, who P. Mappin of Philadelphia, a niece, who standard Oil Lawyer declares she made an agreement with Standard Oil Lawyer Dr. Pearsons whereby she was to inherit property many times this amount. In return she was to live with him as housekeeper and companion until death. With the exception of Henry A. Pearsons, her brother, who is executor of the estate, the other nephews and nieces claim that she did not fulfill her part of the agreement with their uncle and that she is therefore entitled only to an amount similar to that given the others If divided equally each heir would receive only a few hundred dollars.
